Fee Sheet

Classes & Membership

▸ \$35 / person / month

If you are taking classes: Fencing classes are \$35 per person each month (see the OFC schedule for offered classes). With your class also comes a membership with the OFC, which entitles you to fence on open training nights, and to take one free individual lesson every week.

If you are not taking classes: OFC Membership is the same (\$35 per person per month). You are entitled to fence on open training nights, and to take one free individual lesson every week.

Equipment is provided for classes and open training (electric).

Discounted annual rates — please speak to an instructor about our discounts for an annual membership.

Lessons

Class students and club members get one free lesson per week (lessons must be used or lost!). Lessons are usually 25 minutes in length. Please arrange a schedule with your coach. Additional lessons can be scheduled with your coach for \$15/ea.

Equipment lockers

There are a limited number of lockers available in the club. When they fill up, locker fees will be charged. We will announce this ahead of time.

All class students and members will promptly pay all fees, dues and costs owed to the OFC.

All fees and schedules are subject to change without notice. However, services, once paid for, will be honored.
